

The Screening Partnership Built for New York.

*Investigative-Grade Screening for
NY's Growing Organizations.*

Partnership Overview.

CenterState CEO and CIChecked have joined forces to bring New York's business community access to the region's most comprehensive background screening solution. CenterState CEO's 2,000-member network now has direct access to investigative-grade screening built specifically for New York's complex court system, regulatory environment, and compliance requirements - at a fraction of what most members are currently paying.

Our Mission.

CIChecked is a woman-owned, licensed private investigative agency specializing in comprehensive background investigations. Our trained investigators dig deeper, finding what automated systems miss.

CenterState CEO is Upstate New York's largest business membership organization, serving ~2,000 members across the Central New York region. Their mission: create a region where businesses thrive and the workforce that powers them succeeds.

Two leaders, one mission: Ensure the businesses building New York have the tools to hire confidently.
