

## Smarter Screening Inside Your Paylocity Platform.

*Investigative Background Checks.  
One-Click Integration. Zero Disruption.*

### Partnership Overview.

Paylocity and CIChecked have joined forces to deliver investigative background screening directly within your HCM workflow.

This strategic integration combines Paylocity's industry leading platform with CIChecked's background check expertise - transforming how you evaluate talent without disrupting your existing processes.

### Our Mission.

CIChecked is a woman-owned, licensed private investigative agency specializing in comprehensive background investigations. Our trained investigators dig deeper, finding what automated systems miss.

Paylocity is a human capital management platform serving 41,000+ customers nationwide. Their modern architecture provides a single employee system of record supporting the entire employee lifecycle.

**Two industry leaders, one mission:** Bulletproof hiring decisions with seamless workflow integration.

### CIChecked and HRO Today.
